Diplomat Electric is a high quality screen which, thanks to the robust construction and flexible installation, is the preferred screen among our professional buyers. The installation is very flexible with mounting brackets that can be adjusted side-ways to preferred positions. The screen can be mounted on the wall as well as in the ceiling. It comes in a white painted aluminium case and can be operated by an in-line switch, an IR remote control or automatically by an AutoLink connected to the projector. For system installations it's also available with cable only. All control options are easily connected to the screen via the universal connector on the screens backside.
